Pune-Maharashtra-India - 411035

SUMMARY

Enthusiastic MCA student specializing in Artificial Intelligence and Machine Learning, with foundational knowledge in cloud computing (AWS, Docker), Python programming, and DevOps tools. Skilled in UI/UX design, basic web development, and machine learning implementation. Eager to leverage technical expertise and innovative thinking to contribute to impactful projects.

PROJECTS & CERTIFICATIONS

- **UI/UX Design Certificate (Great Learning):**

Completed an advanced course in UI/UX design, enhancing skills in user experience and interface design.

- **Letter of Recommendation (Snapshot Opinion Leader, Under 25 Club)**

Acknowledged for creating over 60 lenses with over 15 million views and contributing significantly to the program. Snapchat: @under25dypiu

- **Android Offloading using AWS Cloud (Group Project)**

Contributed to a project optimizing Android application performance through AWS Cloud technologies.

- **Social Media Sentiment Analysis (Django & Machine Learning with Docker) (Group Project)**

Participated in developing a sentiment analysis tool using Django, machine learning, and Docker for containerization.

EDUCATION

Master of Computer Applications

Aug 2024 - May 2026

D.Y.Patil International University Akurdi, Pune.

- Specialization in Artificial intelligence and Machine Learning .

Bachelor of Science in Civil Engineering

D.Y.Patil International University Akurdi, Pune.

Aug 2021 - May 2024

- Specialization in Cloud Computing and Information Security.
-

ADDITIONAL INFORMATION

- **Technical Skills:** Docker, Container Orchestration (Kubernetes, Swarm, Compose), Cloud Computing, Amazon Web Services, Web Development, Python Programming, UI/UX Design
- **Languages:** English, Hindi, Marathi.
